REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

Claims 1-13 are allowed because the prior art of record does not show a plurality of synthesizer circuits, each synthesizer circuit having an associated programmable logic block, each synthesizer circuit being coupled between the input clock terminal of the associated programmable logic block and the output terminal of the associated secondary clock buffer, and wherein each synthesizer circuit comprises means for selectively decoupling the input clock terminal of the associated programmable logic block from the output terminal of the associated secondary clock buffer and providing a steady-state signal to the input clock terminal of the associated programmable logic block.

CONCLUSION

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DINH T. LE whose telephone number is (571) 272-1745. The examiner can normally be reached on Monday-Friday (8AM-7PM).
